# Crane Lighting Solution

## Blacktips LED Crane Lighting Solution

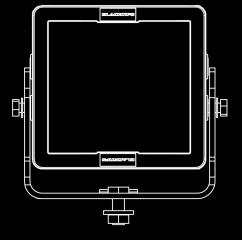

Blacktips crane solutions offer the most flexible upgrades, retrofit and new parking lot design. The low profile light heads offer low wind loads and can also be incorporated into existing architectural light heads reducing overall project costs. Custom Engineered mounting, beam pattern, beam color and fixture color make for a perfect match for any application while reducing energy and enviornmental footprints.

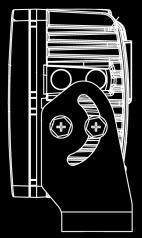

BLACK TIPS LIGHT DUAL FIXTURE HANGING MOUNT

FOR 20 LED, 140, 25° NARROW BEAM

#### **Mechanical Information**

Fixture Weight				
BLB0720XX	9.92 Lbs	4.5 Kg		
Shipping Weight				
BLB0720XX	14 Lbs	6.35 Kg		

#### **Electrical Specifications**

Operating Voltage	9-32V DC	
Operating Temp	-40 Celsius - +85 Celsius	
Vibration Rating	21.2 G	
Luminous Efficacy	89.7 Lm/W	
Total Luminous Flux	17,600 Lm	
Fixture Wattage	140 W	
IP Rating	IP69K	

#### Construction

Housing	Die-Cast Aluminum	
Lens	Polycarbonate	
Environmental Coating	Interpon 810	

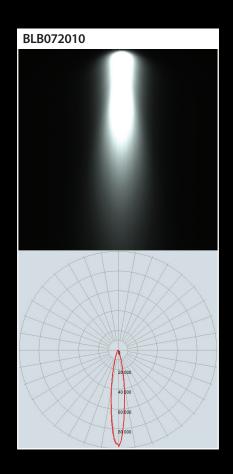

#### **Photometric Information**

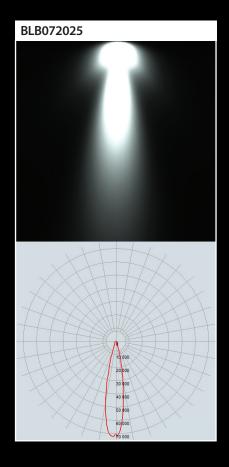

CRI Typical	80+
CCT Standard	5,700K
Available CCT	2700K-8300K

# Blacktips LED Crane Lighting Solution

BLB072010	9-32V DC	17,600	140	5,700k
BLB072010	9-32V DC	17,600	140	5,700k

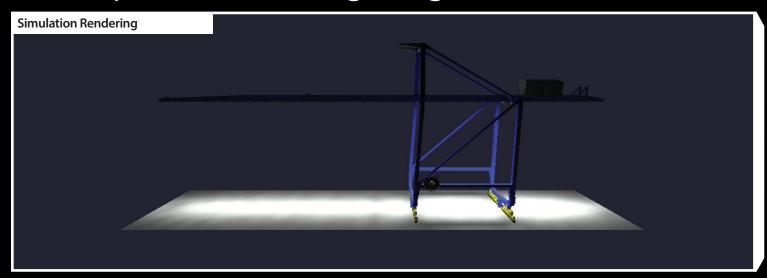

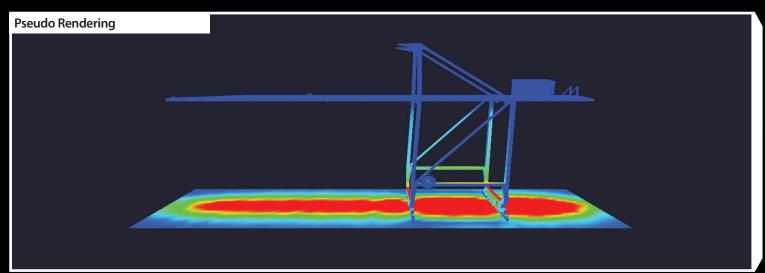

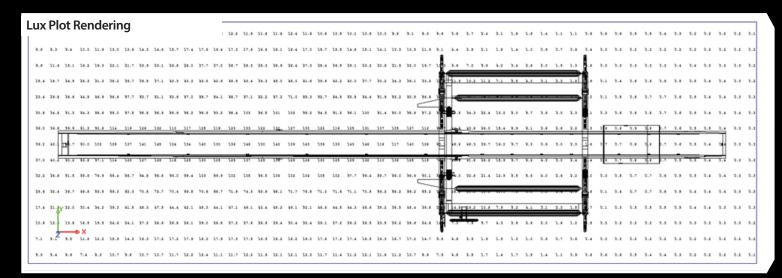

### Blacktips LED Crane Lighting Solution

Blacktips offers a comprehensive light analysis of the desired facility. We will start with something as simple as dimensions and create a 3d rendering. Once that is complete we will place in our fixtures into the exact same locations or desired locations and be able to accurately create the required light on the effective work area. Once complete a comprehensive report, quotation and ROI will be sent for review.
