

MADE IN PRC**Product Description:**

- Powerful 10W mini flood light COB LED and optical lens for uniform illumination.
- 1000/500 lumens output to light your work site.
- Compact and rubber coated design for one hand holding with comfort.
- Strong built in magnet for hands free use.
- 180° adjustable stand design.
- Battery life indicator to show remaining capacity of light.
- IP68 Water resistance and IK09 impact resistance for outdoor and rugged use.
- Light weight and pocket size design-easy to take it anywhere.

Specifications:

Charger Specification:	AC100-240V 50/60HZ
Charging Voltage/Current:	5V 1A
Battery Specification:	3.7V 4400mAh Li-ion
Time of Charging:	Approximately 4 hours
Time of Discharging:	Approximately 3 hours @first level Approximately 6 hours @second level
Brightness:	Approximately 1000lumen @first level Approximately 500lumen @second level
CRI:	≥70Ra
Color Temperature:	5500~6500K
Working Temperature:	-10~40 °C
Storage Temperature:	-20~50 °C

**Battery treatment/charging:**

- Charge the battery for at least 8 hours before first use
- White indicator on lamp flashing: charging
- All white indicators light up on lamp means charging complete
- Do not leave battery in full discharged condition.
- Recharge the work light at least once in every 30 days
- Use original charger (output 5V /1A) only

Warning:
